The screenshot shows the SupplyOn login page. A teal callout box with the number '1' points to the browser address bar, containing the text 'Go to: www.supplyon.com'. A second teal callout box with the number '2' points to the 'LOGIN' button in the top right navigation bar, containing the text 'Click on „LOGIN“'. A third teal callout box with the number '3' points to the login form, containing the text 'Enter your user ID and password and click „Login“'. The login form includes fields for 'User ID' and 'Password', a 'Login' button, and links for 'Forgot user ID?' and 'Forgot password?'. Below the form are options for 'Login by other identity provider' and 'Login using certificate'. To the right of the form is an 'FAQ about login problems' section with links for various issues like 'How to reset your password?' and 'Wrong e-mail address?'. At the bottom of the form area is a message: 'Please use only the approved browsers' with icons for Google Chrome, Mozilla Firefox, and Microsoft Edge, and the text 'Google Chrome, Mozilla Firefox or Microsoft Edge (Chrome-based versions since January 2020)'. Below this is a 'Most read' section with links to 'Change of the administrator', 'Technical requirements for the use of the platform', 'SupplyOn Start', 'User administration of your company', 'I need more roles or rights', and 'Join our Supplier Community'. A 'SupplyOn Support Center' button is also visible.

The screenshot shows the SupplyOn Customer Applications dashboard. The top navigation bar includes 'SupplyOn Services', 'Customer Applications', 'News', 'Administration', and 'More'. A dropdown menu under 'Customer Applications' highlights 'Bosch Container Pre-Booking'. A teal callout box points to this menu item with the text 'Opening Bosch Container Pre-booking application'. A grey callout box points to the top right of the dashboard with the text 'You will be redirected to Eurolog Pre-booking view - no separate login required.' The dashboard itself is a grid of widgets. The 'Orders' widget shows 3 orders to be confirmed and 6 unread orders. The 'Scheduling Agreements' widget shows 0 confirmed and 0 unread agreements. The 'Delivery Instructions' widget shows 17 current new instructions. The 'Delivery Forecasts' widget shows 0 current new forecasts. The 'Delivery Call-Offs' widget shows 0 current new call-offs. The 'Alerts' widget shows 48 total new alerts, with a bar chart for 'Inventory Alerts' showing 0. The 'eInvoicing' widget shows 0 total billable items, with a bar chart for 'Billable Items Due' showing 0. The 'Forwarder Pickup Advice' widget shows 1 FPA creation due and 3 pending FPAs, with a bar chart for 'Due Deliveries' showing 1 overdue.

“Container Load” will be filled with FCL

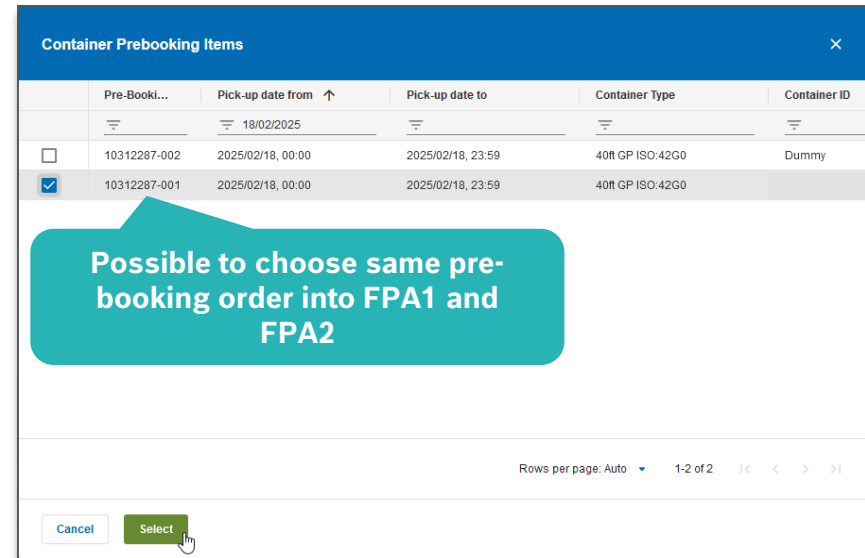

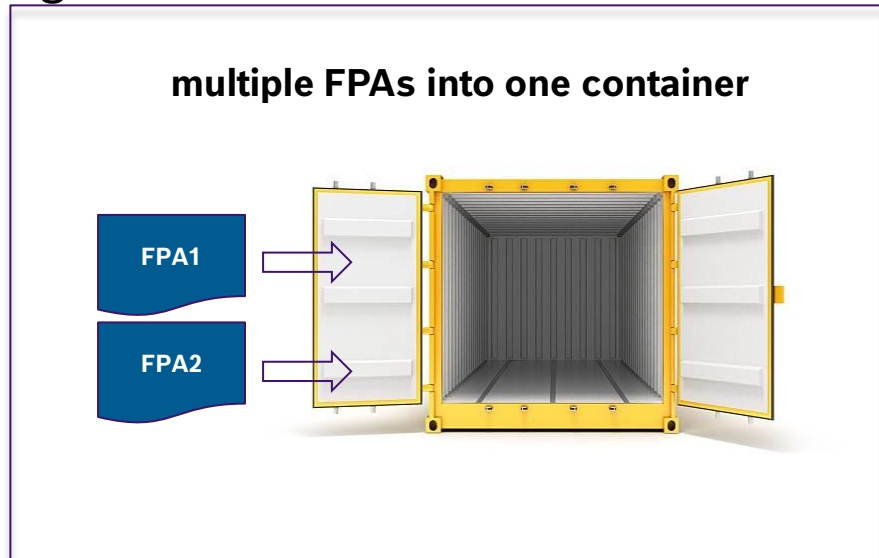

green box will be filled with date from container pre-booking

Yellow box need supplier to fill if supplier already have those information

Assign container to FPA

- **Normally, one container = one FPA**
- **But if the receiving plant requires you to send ASN per order, and since one ASN = one FPA, this means there's possibility that one container need split to multiple FPAs, in this case you can choose the same pre-booking order multiple times into different FPA .**

(and when you assign the container, please consider the maximum weight . Once exceed, it will send overweight reminder.)

If you need send ASN,
Please keep following the process of “create ASN
based on FPA ”
