User Guide

Invoice from demand

An invoice from demand can be created, if a respective purchase order is available in SupplyOn. The data from the purchase order will be taken over into the invoice and has to be completed by entering only a few information. This **User Guide** shows you **step by step** the procedure of invoice creation from demand.

! *Invoice generation is only possible if a purchase order response was done beforehand.*

Login and routing to the service

1. Login with your registration data on the [SupplyOn Platform](#).

2. Go to **My SupplyON** or click on **WebEDI/ VMI on SupplyOn Services** to use the service.

a) Access via SupplyOn Service, WebEDI/VMI

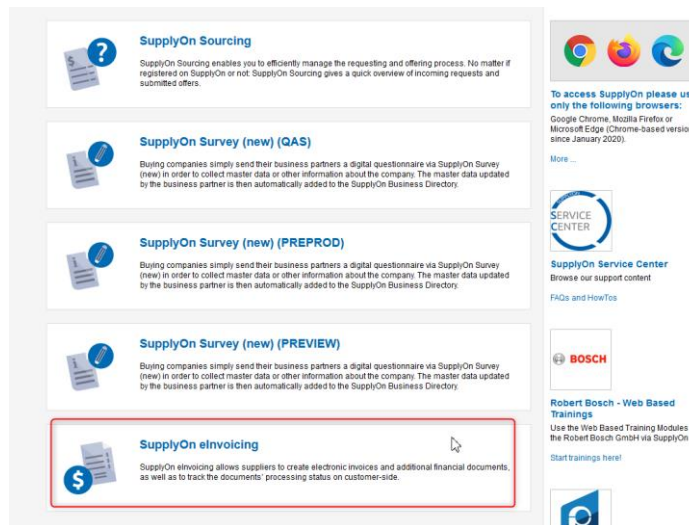

- If you access via WebEDI, choose **invoicing** in the dropdown of the **Invoicing** button at the navigation bar on the left side of the page.

- You will be routed to your invoice list shown below in [step 3](#).
- Hint:** if you go via the “WebEDI” field: You can choose your preferred SupplyOn platform design (you can select between a “new dashboard” and an “old dashboard” -the functionalities in both dashboards are equal)

b) Access via My SupplyOn

- If you access via SupplyON, select **SupplyOn invoicing**

- You will be routed to your invoice list shown below in [step 3](#).

- You are now in the view **Invoice list** (*Invoice cockpit*). Within this view, you can find an overview of your invoices. An overview of all Invoices sent to Bosch can be found under the tab **Sent**. (*Invoices created within the last two years are displayed*)

Hint: The cockpit is customizable by hiding/displaying columns. This can be done in the right corner on the top.

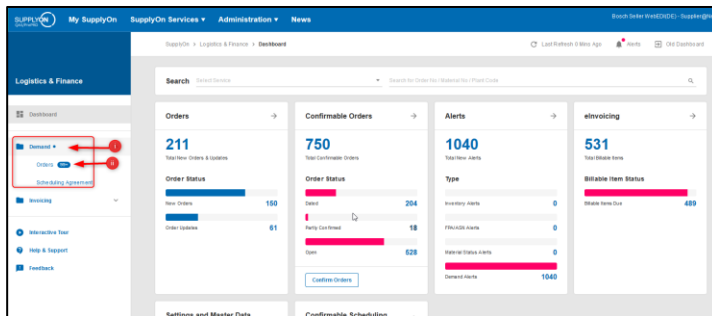

- Follow now further instructions below to create an invoice from demand

Creation of an invoice from demand

- There are two options to start invoice creation from demand.
 - You entered the invoicing functionality via [WebEDI](#).

Further help for successful invoice creation

Within this section, we will guide you to specific topics, which might be useful for a successful invoice creation within SupplyOn eInvoicing. You will find guidance for following procedures:

How to add allowances/charges	1
How to save and download drafts	2
How download an invoice	3
How to create a credit note (cancellation)	4
How to create a price variation credit/debit	6
How to create an inquiry (general/dunning)	8

How to add allowances/charges

During invoice creation within SupplyOn, you have the possibility to add additional allowances and charges e.g discounts, travel costs, freight costs etc.

Therefore, please respect following procedure:

1. Log in to the SupplyOn platform and follow the instructions for the invoice creation. Instructions [see here](#).
2. Enter in the tab “customer information” (navigation on the left side) the position you want to charge. If you want to add an additional allowance or charge, click on **details** in the respective column of the position.

<input type="checkbox"/>	Line item number	Material number	Description	Quantity	Delivery / service completion date	Net price w/o allowances / charges	Purchase order item	Net amount	Tax rate (%)
<input type="checkbox"/>	1								

3. Choose now in the section „ **Allowance/charge per line item**“, the optional field

4. Decide, if you want to add an additional charge or an allowance. Choose a description code shown in the respective dropdown menu.

Currency:

Free text:

5. After you entered the information into the needed field, choose

to add the allowance or charge to the respective position.

6. The newly determined amount appears at the bottom of the page in the total amount.

! **Important:** Please use **only this procedure** to add additional allowances or charges. An allowance/charge on document level, which can be found under “Additional invoice information”, may **ONLY** be used if the allowance/ charge can be assigned to the description code **freight service**.

How to save and download drafts

When creating invoices within SupplyOn, you have the possibility to save drafts. To make your invoicing process more efficiently the draft can also be used as a template for further invoices.

1. Log in to the SupplyOn platform and follow the instructions for the invoice creation. Instructions [see here](#).
2. As soon as you entered the first data for the invoice you can save the invoice as a

draft. Therefore, click on **Save as draft** at the top or the end of the page.

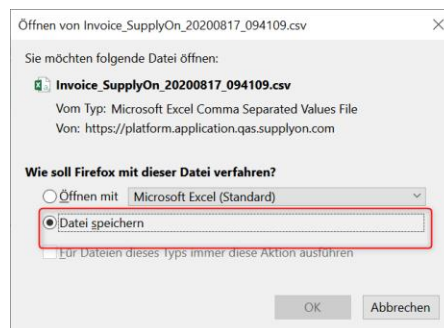

3. After you saved the invoice as a draft. You have the possibility to download the saved document by clicking on **data file** in the dropdown menu of the **download** button in the navigation bar at the top of the page.

4. Select **CSV** as file format and **download** the draft.

5. Save the CSV file on your computer for further processing or use it as a sample for further invoices.

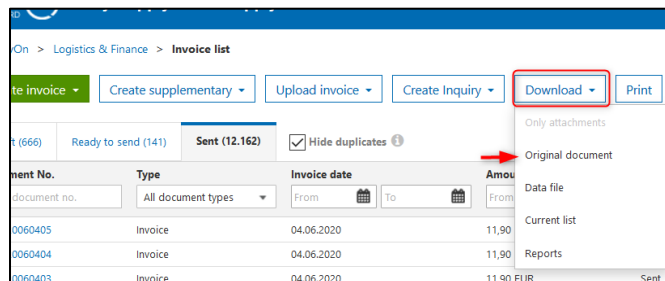

How download an invoice

Invoices sent via SupplyOn eInvoicing can be downloaded for example for archiving as follows:

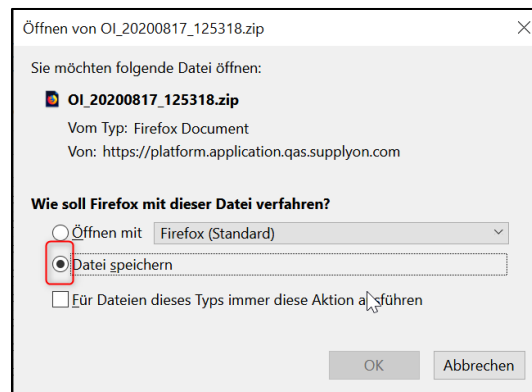

1. Log in to the SupplyOn platform and follow the instructions for the invoice creation to get to your **invoice list**. Instructions [see here](#).
2. You can find all invoices, sent through SupplyON within the tab **sent**. Choose the invoice you want to download, by setting a tick at the beginning of the row.

3. Download the original document on the download button on the navigation bar on the top of the page.

4. Save the invoice on your computer.

How to create a credit note (cancellation)

A credit note is a cancellation of the invoice. A cancellation of an invoice is required if:

- Mandatory information regarding the VAT-law is missing or wrong (e.g. Name of the recipient)
- A wrong VAT rate was calculated (e.g. 7% instead of 19%)
- There is a calculation error or turning numbers
- One of the information regarding the goods receipt is not correct
- Invoice amount, number, date or date of goods receipt is not correct

The Supplier has to take care of the correctness of the invoice data when entering the data into SupplyOn. The data in SupplyOn has to equal with the data in the suppliers merchandise management systems.

If you have to create a credit note, please proceed as follows:

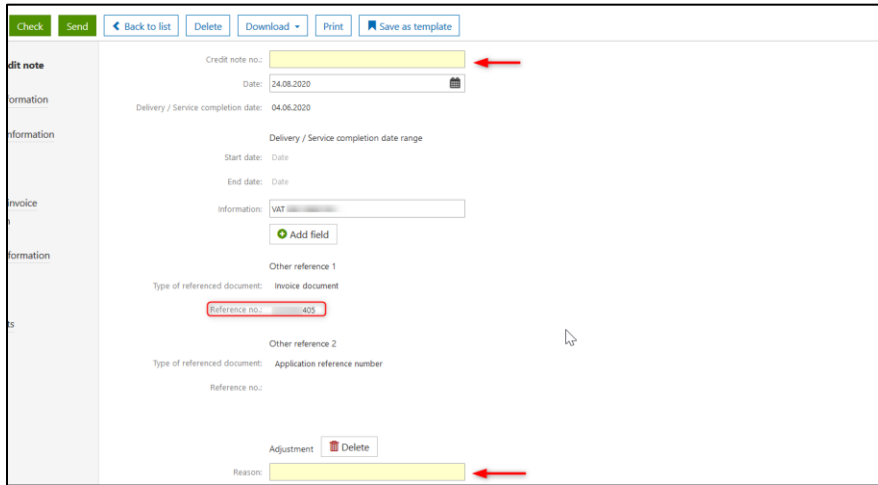

1. Log in to the SupplyOn platform and follow the instructions for the invoice creation to get to your **invoice list**. Instructions [see here](#).
2. You can find all of your invoices, sent through SupplyON within the tab **sent**. Choose the invoice you want to download, by setting a tick at the beginning of the row and click on **create supplementary** on the navigation bar on the top of the page.

3. Choose create **credit note (cancellation)** to create the credit note for the respective invoice

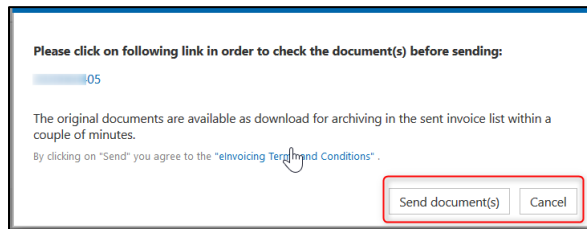

4. Check if the reference number belongs to the referenced invoice, you want to cancel, enter a unique credit note number and enter a reason for cancellation.

Hint: The credit note number should be equal to the document number from your internal system.

4. Click on **send** to submit the credit note to your customer at the top or bottom of the page and confirm this action by **send document(s)** in the appearing window.

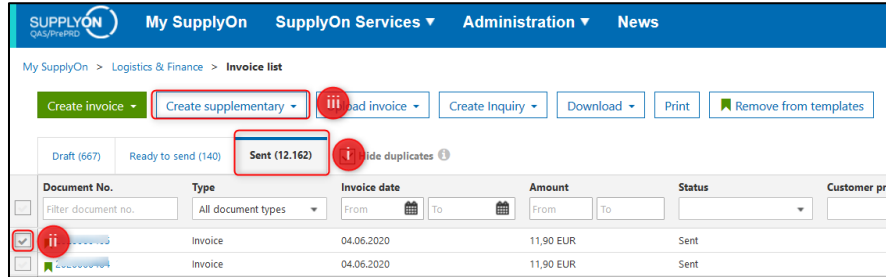

Hint: If you create a credit note (cancellation) the invoice will be cancelled completely. There is no chance to change any amounts or prices.

How to create a price variation credit/debit

If you need to adjust the price of an already sent invoice, you have the possibility to create a price variation debit or credit. Therefore a preceded invoice has to be available so that only a change of the amount/price needs to be taken.

1. Log in to the SupplyOn platform and follow the instructions for the invoice creation to get to your **invoice list**. Instructions [see here](#).
2. You can find all of your invoices, sent through SupplyON within the tab **sent**. Choose the invoice you want to download, by setting a tick at the beginning of the row and click on **create supplementary** on the navigation bar on the top of the page.

3. Choose the price variation type you want to create.

4. Confirm your selection. You can choose a template therefore, if available.

5. Enter in the section **price variation credit detail** a document number and the reason of the adjustment.

6. Scroll down to the section **line items** and change the price.
